Education Event 2016

Tuesday 28th June 2016

Crowne Plaza Hotel, Central Birmingham

Draft programme – Speaker details to be confirmed

A unique combination of two parallel study days. The fundamentals programme is designed for health care professionals new to parenteral nutrition services, with content accessible at foundation level. The advanced programme is designed specifically for the experienced practitioner.

The session timings are co-ordinated to allow the delegate to attend the sessions most appropriate to their level of experience, and allow for joint networking during the exhibition and refreshment sessions

Spaces on the advanced course and workshops are strictly limited.
