

Salford IBD Symposium 2017

Friday 15th September 2017

9.00am to 4.30pm

Venue: Lowry Theatre, Salford Quays

Emerging Concepts in the Management of Crohn's Disease: A Multidisciplinary Masterclass

A one-day symposium exploring in-depth the key issues facing clinicians managing Crohn's disease in day-to-day practice.

Key topics will include:

- Surgery versus non-operative management in complicated small bowel disease
- Perioperative optimisation of the high-risk patients
- Synergy of medical and surgical management of perianal disease
- Medicolegal considerations in Crohn's disease

Invited faculty includes:

Professor A. Hart, *St Mark Hospital, London*

Professor A. Spinelli, *Humanitas Research Hospital, Milan*

Dr K. Patel, *St George's Hospital, London*

Convenors:

Dr A. Assadsangabi

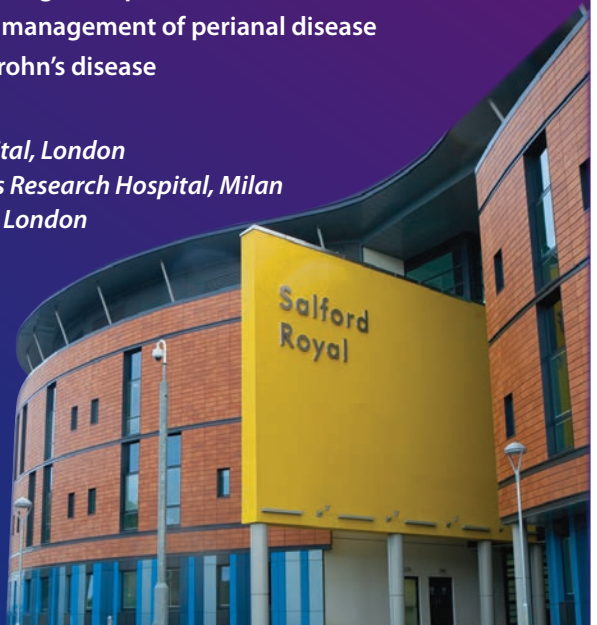

Mr M. Soop

Ms C. Stansfield

The meeting is fully supported by a unrestricted educational grant from AbbVie Ltd.
